CONFORMATION

Gerd is another bull from Mr. Machač's herd in our offer. He is one of the first sons of Australian bull Mawarra Mustang in the Czech Republic. At present he is TOP 1 in growth in direct effect. Mother's father is Laerkedal Ingermand, who has very milky daughters. Gerd was awarded 86 points for exterior in selection for breeding and his lowest stamp was 8, which indicates a very balanced and harmonical exterior. He weighed 256 kg in 120 days, 378 kg in 210 days and 639 kg in one year! Gerd has excellent breeding values for exterior and also for growth in direct effect (133, TOP 3 in Czech Republic). Gerd is a bull which could move the population of the Hereford breed in the Czech Republic on a big step forward.

PERFORMANCE TEST

weight 120 d	256 kg
weight 210 d.	378 kg
weight 365 d	639 kg
daily gain in test	1891 g
daily g. since birth	1670 g

EXTERIOR EVALUATION

Frame			Body capacity			Muscularity			Breeding type	Total
VT	DT	HM	PŠ	HH	DZ	PL	HŘ	ZÁ		
10	8	10	8	9	8	8	8	8	9	86

acronyms: VT - height, DT - length, HM - weight, PŠ - chest width, HH - chest depth, DZ - pelvis length, PL - shoulder, HŘ - top line, ZÁ - Thigs
